

GIST OF THE RULING  
ON THE INCOME TAX

## SUBSTANCE OF FEDERAL SUPREME COURTS DECISION

The Document Was Read By Chief Justice Fuller Yesterday Afternoon And Occupied One Hour's Time—Rents and Bond Revenues Exempt—Justice Field Dissents.

Washington, April 9.—Chief Justice Fuller yesterday announced the decision of the United States supreme court in the income tax cases. He began by stating the exceptions to the law as made by counsel for the appellant as follows:

1. That the act imposes a direct tax in respect of the real estate rents, issues and profits, as well as of the income and profits of personal property, and not being apportioned in violation of section 2 of article 1 of the constitution.

2. That the law, if not imposing a direct tax, is nevertheless unconstitutional in that its provisions are not uniform throughout the United States, and do not operate with the same force and effect upon the subject of the tax, wherever found, or in that it provides exemptions in favor of individuals and copartnerships, while denying all exemptions to corporations having similar income derived from like property and values, and provides for other exemptions and inequalities in violation of section 8 of article 1 of the constitution.

3. That the act provides no exemption of the tax upon incomes derived from the stocks and bonds of states of the United States, and counties and municipalities therein, which stocks and bonds are not proper subjects for the taxing power of congress. The income from these securities in the United States amounts to over \$5,000,000 per annum, on which the total annual income tax would be \$1,300,000.

He then took up the constitutional points involved, dwelling upon the fact that the constitution required the apportionment of direct taxes and uniformity in excises and imports. He quoted various supreme court decisions and sought to show that while the income tax question had been before the court the question had only been considered as applying to the point at issue in the particular cases. Coming down to the present tariff act, he said that the law was passed in a time of profound peace and it was to be taken as evidence that congress had sought in this matter to form a precedent and establish a departure from established lines, and it therefore became important to inquire into the circumstances with some attention to detail, and, for the purpose of comparison, he went back to the enactment of an income tax during the civil war. He quoted the decision in the Springer case, giving a history of the case and devoting much attention to it, as he said it was upon this case that the defense had apparently relied more generally than upon any precedent.

It is, he said, conceded in all the cases, from *Hylton* to *Springer*, that taxes on land are direct taxes, while in some of them it is determined that taxes on rents derived from lands are indirect taxes. Was there, he asked, any distinction between a tax on the land and one on the income derived from the land? What, in other words, was the land but the profit on it? The name of the tax is unimportant and the court has been unable to see any distinction. He closed by saying that the court had reached the conclusion that the tax on rents was involved.

The chief justice then took up the question of the taxation of municipal and state bonds. The decision was also adverse to this part of the law as repugnant to the constitution. On the other points the court was divided, and therefore no opinion could be given.

The lower court having ruled in favor of the law by a divided court, the law would stand, except as to rents and state, county and municipal bonds, and on these two points it was directed that the judgment below be reversed.

The conclusions of the court are as follows:

"In *Charles Pollock vs. the Farmers' Loan & Trust Co.* et al. it is established: "1. That by the constitution federal taxation is divided into two great classes: direct taxes and duties, imposts and excises.

"2. The imposition of the direct tax is governed by the rule of apportionment among the several states, according to imposition of duties, imposts and excises by the rule of uniformity throughout the United States.

"3. That the principle that taxation and representation go together was intended to be and was preserved in the constitution by the establishment of the rule of apportionment among the several states, so that such apportionment should be according to numbers in each state.

"4. That the states surrendered their power to levy imposts and to regulate commerce to the general government and gave it the concurrent power to levy direct taxes in reliance on the protection afforded by the rules prescribed, and that the compromises of the constitution cannot be disturbed by legislative action.

"5. That these conclusions result from the text of the constitution and are supported by the historical evidence furnished by the circumstances surrounding the framing and adoption of that instrument and the views of those who framed and adopted it.

"6. That the understanding and expectation at the time of the adoption of the constitution was that direct taxes would not be levied by the general government except under the pressure of extraordinary exigency, and such has been the practice down to August 15, 1894. If the power to do so is to be exercised as an ordinary and usual means of supply, that fact furnishes an additional reason for circumspection in disposing of the present case.

"7. The taxes on real estate belong to the class of direct taxes, and that the taxes on the rent or income of real estate, which is the incident of its ownership, belong to the same class.

"8. That by no previous decision of this court has this question been ad-

judicated to the contrary of the conclusions now announced.

"9. That so much of the act of August 15, 1894, as attempts to impose a tax upon the rent or income of real estate without apportionment is invalid.

"The court is further of opinion that the act of August 15, 1894, is invalid so far as it attempts to levy a tax upon the income derived from municipal bonds. As a municipal corporation is the representative of the state and one of the instrumentalities of the state government, the property and revenues of municipal corporations are not subjects of federal taxation, nor is the income derived from state, county and municipal securities, since taxation on the interest therefrom operates on the power to borrow before it is exercised and has a sensible interest on the contract, and therefore, such a tax is a tax on the power of the states and their instrumentalities to borrow money, and consequently repugnant to the constitution."

"Upon each of the other petitions argued at the bar, to wit: First, whether the void conditions as to rents and incomes from real estate invalidates the whole act; second, whether as to the income from personal property as such the act is unconstitutional as laying direct taxes; third, whether any part of the tax, if not considered as a direct tax, is invalid for want of uniformity on either of the grounds suggested, the justices who heard the arguments are equally divided, and therefore no opinion is expressed."

The result is that the decree of the circuit court is reversed and the case remanded with directions to enter a decree in favor of complainant in respect only of the voluntary payment of the tax on rents and income of its real estate and that which it holds in trust and on the income from municipal bonds owned or so held by it.

Chief Justice Fuller was followed by Justice Field, who read the first dissenting opinion. Some decisions of the court, he said, had thrown doubt upon the meaning of "direct taxes," but in the discussions of the British parliament the income tax had always been considered a direct tax, while the tax upon real property, its rents and income, had by universal consent been recognized to be a direct tax. In conclusion Justice Field said: "Here I close my opinion. I could not say less in view of questions of such gravity that go down to the very foundation of the government. If the provisions of the constitution can be set aside by an act of congress, where is the course of usurpation to end? The present assault upon capital is but the beginning. It will be the stepping stone to others, large and more sweeping, till our political contests will become a war of the poor against the rich; a war constantly growing in intensity and bitterness. I am of opinion the whole law of 1894 should be declared void and without any binding force—that part which relates to the tax on the rents, profits, or income from real estate, that in so much as constitutes the direct tax because not imposed by the rule of apportionment according to the representation of the states, as prescribed by the constitution, and that part which imposes a tax upon the bonds and securities of their municipalities, as being beyond the power of congress to impose, and the law so far as it imposes duties, imposts, and excises as void in not providing for the uniformity required by the constitution in such cases."

There are many and grave questions yet to be decided. The Supreme court has not declared the income tax law to be unconstitutional, nor has it declared it in accordance with the legislation. So far as the circuits in which the original suits were brought are concerned the law with the two exceptions stands as valid and the taxes can be unquestionably collected. There is a serious question as to what will happen in other circuits.

The decision of the Supreme court on the subject of rents and bonds is more far reaching than is generally supposed. Hitherto it has been a settled principle of law, fortified by a statute, that no injunction can be granted to restrain the collection of a tax. In the decision handed down yesterday the prayer of the complainant for an injunction to prevent the making of the returns and the payment of the tax on rents and bonds is granted. This principle laid down by the Supreme court, Circuit courts all over the country will follow. They may legally go further and decide the whole law unconstitutional, and under existing circumstances their decision would stand as law because the Supreme court has not and can not at present reverse it.

If in the original cases the lower court had decided the law unconstitutional, the decision of the court handed down yesterday would have affirmed that decision by a divided court, so it will be seen that other suits may be brought in other parts of the country, and other circuit judges may so decide as to prevent or delay the collection of the tax, or at least permit its recovery after it has once been paid. Discussing this point Assistant Attorney-General Whitney said: "One Circuit court has declared the law constitutional, and the Supreme court has not upset that decision. Hence I believe the courts will generally decide that the existing law stands as a whole, and that taxes must be paid on all incomes not derived from rentals on real estate or interest on state and municipal bonds. I so understand the decision, and we are satisfied to let the matter rest for the present."

The Supreme court was divided exactly as had been rumored. Chief Justice Fuller and Justices Field, Brewer, and Gray believing the law as a whole unconstitutional, the other four, Justices Harlan, Brown, Shiras, and White, sustaining the law as a whole.

**Heavy Loss to the Treasury.**  
Washington, April 9.—Treasury officials are greatly dispirited over the supreme court's decision in the income tax case, and while admitting that they have no reliable data upon which to form an accurate estimate, they express the belief that the net result of the decision will be a loss of at least 50 per cent in the receipts from incomes.

**Refused a New Trial.**  
London, April 9.—Mme. Joinaux, the Belgian poisoner, has been refused a new trial.

**Storm Off the Jersey Coast.**  
Cape May, N. J., April 9.—A severe southeast storm prevailed last night along the South Jersey coast, with driving rain and hail and high winds and tides on the meadows. The ocean is wild and a sharp lookout is being kept for wrecks.

**No Salary for Judge Springer.**

Washington, April 9.—The controller of the treasury has rendered a decision that Judges Springer and Kilgore, recently appointed to the two district courts in Oklahoma, can not receive compensation for their services as such judges until after they have been confirmed.

**Attack to Be Made on Canton.**

Hong Kong, April 9.—Forty Japanese transports are anchored off the Pescadore islands. It is rumored that an attack upon Canton is contemplated. Torpedoes have been placed in the river for the defense of the city.

**Storm Off the Jersey Coast.**

Cape May, N. J., April 9.—A severe southeast storm prevailed last night along the South Jersey coast, with driving rain and hail and high winds and tides on the meadows. The ocean is wild and a sharp lookout is being kept for wrecks.

TWENTY THREE DIE  
IN WHATCOM MINE

## FEARFUL LOSS OF LIFE IN WASHINGTON YESTERDAY.

Two Score of Workmen Killed By An Explosion of Fire Damp in the Blue Canon Colliery—Only Ten Bodies Have Been Recovered—Cause of the Horror Unknown.

Tacoma, Wash., April 9.—Twenty-three people are believed to have been killed by an explosion of fire damp in the Blue Canon coal mine on Lake Whatcom. Those known to be dead or missing are: ANDERSON, ANDREW, married. ANDERSON, ALEXANDER. BLUM, MARTIN. CONLIN, THOMAS. CHASE, E. P. EVANS, WILLIAM. JOHNSON, ISAAC. KIRBY, JAMES, married. LYSTER, WILLIAM. LATKA, LON. MORGAN, BEN. MANDREW, JAMES, married. ROBERTS, GEORGE. RAMBERG, CHARLES. SILVERMAN, CHARLES, married. WILLIAMS, JOHN.

ZELISKA, MIKE, married. Ten bodies have been taken out and thirteen are still supposed to be in the mine. Every possible effort is being made to get them out. A steamer has gone out from this city with Supt. Donovan, three physicians, ten miners, and press correspondents on board. The mine was inspected about three weeks ago and pronounced safe.

W. A. Telford was at the bunkers when the explosion occurred. He went to the incline and found James Kearns at the mouth of the shaft nearly dead with exhaustion. Kearns said all in the mine were dead. He had carried Ben Morgan as far as he was able, and then left him. Morgan, he thought, was dead. Kearns and Gellum were the only ones who escaped out of twenty-three men who were at work. Tom Valentine and J. O. Anderson were the incline men and they escaped.

At the switch of the gangway, 800 feet from the mouth of the tunnel, Ecklund and Tedford found the body of George Roberts, and beyond were thirty loaded cars which had been blown from the track. They next found the body of Ben Morgan, who was dropped by Kearns, Ecklund and others. They were unable to go beyond room 21, 500 feet from the angle of the tunnel and gangway. Their safety lamps went out and the gas drove them back.

In room 21 they found the bodies of Thomas Conlin and James Kirby. It is supposed that in addition to the four found, seventeen perished. The gas was so thick that the rescuing party was able to stay only a few minutes. Safety lamps were used everywhere out in the gangway.

The tunnel is 800 feet long and the gangway 1,000 feet long, and has twenty-six rooms opening from it. The fans were kept running all the time, and the cause of the explosion is unknown.

**Important Pension Decisions.**  
Washington, April 9.—Assistant Secretary Reynolds, of the interior department, in sustaining the decision of the commissioner of pensions in the case of Hannah Chapman, widow of Samuel Chapman, who claimed enlistment in the Sixteenth Indiana volunteers, holds that the question whether a man is enlisted rests with the war department, and where the war department shows that soldier was not enlisted it is final; also that an offer of enlistment by a soldier must be completed by its acceptance by the government.

**War Talk Starts Anew.**  
Christiania, April 9.—The estimates which are to be submitted to the storting have been published and cause much comment. They give fresh impetus to the wild rumors of an impending war between Norway and Sweden. The estimates far exceed any sums required. A large sum is to be voted to construct ironclads. In addition, large credits will be asked for the purchase of munitions of war and for the completion of the forts of Tonsburg harbor.

**Second Menace to Nicaragua.**

New York, April 9.—A special cablegram from Panama, Colombia, to the Herald says: "The British cruiser Wildswan has arrived in port. She will probably join the cruiser Royal Arthur in the hostile demonstration at Corinto, Nicaragua, in case the Nicaraguan government fails to pay Great Britain's claim for the expulsion of pro-Consul Hatch."

**Kills His Son with a Club.**  
Caldwell, Ohio, April 9.—John Stephens, a farmer residing in Marion township, Noble county, murdered his son yesterday by striking him on the head with a club. The son refused to give his father \$2 upon demand and this led to the crime.

**Attack to Be Made on Canton.**  
Hong Kong, April 9.—Forty Japanese transports are anchored off the Pescadore islands. It is rumored that an attack upon Canton is contemplated. Torpedoes have been placed in the river for the defense of the city.

**Storm Off the Jersey Coast.**  
Cape May, N. J., April 9.—A severe southeast storm prevailed last night along the South Jersey coast, with driving rain and hail and high winds and tides on the meadows. The ocean is wild and a sharp lookout is being kept for wrecks.

THE SENATE AGREES  
TO QUIT APRIL 20

## ASSEMBLY RESOLUTION WAS AMENDED THAT WAY.

State Board of Control Bill; Northern Immigration Measure and Many Others Passed Upon—The Work in The Assembly—Resolutions Adopted On the Death of Judge Sloan.

Madison, April 9.—The senate amended the assembly resolution for final adjournment on April 18 by making the date April 20. The bill legislating the state board of control out of office was passed against the solid democratic vote. The bill appropriating \$141,000—referred by the government which was kept by the federal government because the state failed to pay all the direct taxes levied at the time of the civil war, was killed. The bill providing for a board to encourage immigration to the northern part of the state called forth an extended debate, it being contended that it was unwise, in these times to offer inducements for more immigration, but the bill was ordered to a third reading by a vote of twenty six to four. There was also quite a debate on the bill compelling county superintendents to have first grade certificates and one year's experience. The bill was opposed as unfair, and favored as a needed improvement in the character of superintendents. Mr. Mahoney fought for the bill as drafted by the county superintendents themselves. An amendment was offered changing the bill, but was defeated and the bill passed to a third reading by a vote of 57 to 4. Preparatory to the fight on the railroad commission bills in the assembly, tonight, petitions in favor of them and anti-pass resolutions flooded that body today. The blanks sent by Mr. Hall to the various town meetings all over the state, brought resolutions from 440 towns representing 35,500 voters, with only 500 votes against the resolution.

Both houses adopted resolutions on the death of Judge A. Scott Sloan.

**ILLINOIS LEGISLATURE.**

Little Business Transacted by Either House Yesterday.

Springfield, Ill., April 9.—Senator Humphrey presided yesterday in the senate in the absence of Lieut.-Gov. Gill. Those present besides the presiding officer were Senators McCloud, Kanan, Fitzpatrick, Hunter, Harding and Hunt.

Senator Hunter introduced a bill providing that where an assessor assesses several lots under one assessment he shall stipulate the amount at which each is held.

The senate adjourned until this morning at 10 o'clock.

In the house Mr. Kinchall introduced a bill to provide that a new township may be created upon the petition of the legal voters and taxpayers representing more than one-half of the taxable property within the proposed new township.

The bill of Mr. Miller, of Cook, to regulate the granting of franchises and special privileges by cities, villages, and incorporated towns was called up by Mr. Needles and advanced to a third reading. It prohibits the city council from granting any franchise for the laying of gas pipes or the stringing of electric light wires upon any street except upon the petition of the owners of land representing more than one-half of the frontage of the blocks along which it is proposed to lay the pipes or string the wires.

Mr. Jones, of Cook, called up the arbitration bill and had it made a special order for this morning immediately after the reading of the journal. It is on the order of second reading.

Mr. Berry's bill providing for clerks for the judges of the supreme court was made a special order for this morning.

Mr. Merritt, by unanimous consent, had his union label bill made a special order for 11 o'clock Thursday.

The house adjourned to 10 o'clock this morning.

**EXTENSION OF CIVIL SERVICE.**

Chiefs of Divisions May Yet Be Brought Under the Law.

Washington, April 9.—The civil service commission recently submitted to the President further correspondence and data setting forth the benefits to be derived by placing under the civil service regulations the offices of chiefs of divisions in the various departments. It is understood the President has not yet had time to act upon these matters, but that he will during the summer make the extensions. The commission will regard this as a most important step in the direction of reducing the number of places now subject to political favor and will demonstrate its contention that such offices can be as well administered from an absolutely non-partisan basis as other offices now in the classified service.

**To Withdraw Lands from Sale.**

Washington, April 9.—It is stated upon good authority that the management of the Northern Pacific railroad company has decided to withdraw from sale all lands along the entire line until they are classified and patented in accordance with the terms of recent acts of congress. The effect of this policy will be to put an end, for the present at least, to the settlement of railroad lands in several of the western states.

**Cholera Among Japanese Troops.**

Kobe, April 9.—It is reported cholera has broken out among the Japanese troops at the Pescadore islands. It is added 400 cases of cholera have occurred, and of this number 100 persons have died.

**Attack to Be Made on Canton.**

Hong Kong, April 9.—Forty Japanese transports are anchored off the Pescadore islands. It is rumored that an attack upon Canton is contemplated. Torpedoes have been placed in the river for the defense of the city.

## CHINA CONCEDES PEACE TERMS.

Seven Out of Eight of Japan's Demands are Agreed To.

Yokohama, April 9.—China has conceded seven out of eight of the peace conditions offered by Japan.

**APACHES TAKE THE WAR PATH**

Red Men Dig Up the Hatchet Near the San Carlos Reservation.

Pheonix, Arizona, April 9.—The Apaches have gone on the war path near the San Carlos reservation.

**AN UNKNOWN STEAMER WRECKED**

The Evidence of an Ocean Horror Washed Ashore at Halifax.

Halifax, April 9.—Wreckage from an unknown steamer is washing ashore here.

**TRAINS BLOCKED BY DRIFTS**

Missouri Railroads Are At The Mercy of a Sand Blizzard.

Kansas City, Mo., April 9.—The railroads have been battling with a new enemy in Western Kansas and Eastern Colorado since last Friday night. It was a combination sand and snow storm which swept over those regions, completely demoralizing train schedules and causing serious inconvenience and discomfort to travelers. The flakes of snow and particles of sand mingled and were driven across the prairies at a terrible speed by the gale which blew incessantly for two days. There was no loss of human life because the storm was not accompanied by the usual degree of cold, but many cattle and horses in Western Kansas are reported to have been suffocated by the whirling clouds of sand.

The sand and snow filled up the railroad cuts and buried the track. The snow melted and the sand settled down in a hard, unyielding mass. Rotary snow plows and all the modern mechanical appliances for the battling with snow drifts were useless against this new enemy, and the railroad companies were compelled to engage men with picks and shovels to remove the sand from the track. The work was begun while the gale was still in progress and the suffering of the workmen is said to have been intense.

**TRACING POSTOFFICE ROBBERS.**

Springfield Officials Hope to Run the Quartet Down.

Springfield, Ill., April 9.—The robbers of the Springfield postoffice have been traced to Litchfield and it is believed to be a question of only a little time when they will be under arrest.

Information was received here yesterday that on the day following the robbery a farmer living four miles north of Litchfield left a surrey and two horses at Voorhees' livery stable at that place, saying they would be called for by the owners. As the owners did not call the liveryman became suspicious and began telephoning to neighboring towns to ascertain if the outfit had been stolen. It was finally found the rig and the horses were the property of a liveryman at Wagner, Montgomery county. The farmer, who took them to Litchfield, says on the afternoon of the robbery four men drove up to his house, and, saying their horses were tired, asked him to take them on to Litchfield. They also instructed him to take their horses and surrey to Litchfield after the horses had been rested and to leave them at Voorhees' stable. The description of the men tallies with the photographs in the possession of Inspector Gould and also with the description of the men who were seen driving away from the Presbyterian church corner in this city a few minutes after the robbery occurred.

The robbers are well-known crooks and are wanted in New York and other places for safe cracking. They are supposed to be the same men who robbed the Auburn bank recently.

**PETTIGREW TALKS SILVER.**

He Thinks an International Conference Would Accomplish Nothing.

Washington, April 9.—Senator Pettigrew of South Dakota, accompanied by his wife, will leave Wednesday for Europe, expecting to be absent until July. The senator is still of the opinion that the proposed international monetary conference will accomplish nothing, because the attitude of England will be opposed to a change. He said: "I think it a mistake for the United States to have manifested any desire for such a meeting. I am one of those who believe there is a big advantage to be gained by the United States in inaugurating a policy of free coinage of silver alone, and I fear the effect of the conference, if one be held, will be to dull interest in the question, and thus injure the cause here."

**Officials Puzzled at the Delay.**

Washington, April 9.—State department officials are puzzled at the delay in receiving an official report upon the case of ex-United States Consul Waller, reported to be languishing in a French military jail in Madagascar. It is now nine days since the department cabled to Louis, Mauritius, the nearest cable point, for a report. The delay in the case may be caused by difficulty Consul Campbell is experiencing in getting information from the French officials, who are not well disposed towards him on account of some trouble that arose over the granting of his exequatur.

**Shall and Choyanski Matched.**

Detroit, Mich., April 9.—Jim Hall and Joe Choyanski were yesterday matched to meet as soon as possible before the best club and for the largest purse offered. If possible the fight is to be a finish. Hall says he will not fight before June 2. They will meet at 165 pounds.

**Admiral Meade's Squadron.**

Washington, April 9.—Admiral Meade's squadron has sailed from Kingston, Jamaica, for Port-au-Prince, Hayti. The Cincinnati has gone to Port Antonio.

**Attack to Be Made on Canton.**

Hong Kong, April 9.—Forty Japanese transports are anchored off the Pescadore islands. It is rumored that an attack upon Canton is contemplated. Torpedoes have been placed in the river for the defense of the city.

BUILDING FELL IN  
AT WHEELING W.V.

## MANY MEN GO DOWN IN A CRASH OF DEATH.

Fourteen Were Injured and Some of Them Seriously—Rains Took Fire and the Four People Who Are Imprisoned May Be Roasted Before They Can Be Reached.

Wheeling, W. Va., April 9.—A crash of death echoed through Wheeling this morning when Chapman's building collapsed, carrying two other buildings down with it. Fourteen people were injured, two of them seriously, and four are still in the ruins. The wreck caught fire at once, and the imprisoned people may be burned, although the department is working hard. The cause of the accident is unknown.

**SEVERE STORM IN THE WEST.**

Snow Forty Feet Deep Covers Portions of Colorado—Stock Perishing.

Denver, Col., April 9.—Belated travelers from the east report that the storm through Kansas was the worst ever known in that section. Many of the passenger trains, now more than forty-eight hours late, are battling with snow and sand on the prairie.

Superintendent Bogard of the Union Pacific, with headquarters at Cheyenne Wells, has a large force of men clearing the tracks. In places within sixty or seventy-five miles from Denver the snow was found in cuts from thirty to forty feet deep, being in some places over the tops of the telegraph poles.

The Rock Island experienced more trouble, perhaps, than any other line. The first train from the east over this road in sixty hours arrived yesterday. The Missouri Pacific, the Kansas Pacific division of the Union Pacific and the Santa Fe were also much hampered. The reports from northern Colorado and Wyoming are to the effect that the storm of wind and sand was so fierce that men at work cleaning the way were obliged to wear covering for their faces, the sand cutting even through the cloth like a knife.

The loss of range stock in some portions of eastern Colorado, it is said, will amount to 20 per cent of the total.

**SAYS SHE KILLED FOUST.**

Mrs. Maggie Bolton of Elwood, Ind., Confesses She Fired the Fatal Shot.

Anderson, Ind., April 9.—On the night of July 12, 1894, William Foust, a farmer was shot and killed at the house of Maggie Bolton in the suburbs of Elwood. The dead body was carried to a point near the Pan Handle railroad, where it was found the next morning.

No arrests were made on account of the killing until the middle of the following January, when George Hires, George Crull, Eph Crull and George Cox were arrested. Hires was held as the principal and the others as accessories. After a ten days' trial a jury found Hires guilty and sentenced him to thirteen years in the penitentiary. Last night Mrs. Bolton made a full confession. She says that Hires and his crowd had been at her home but had left a few minutes before the arrival of Foust, the murdered man, Dan Kelly and another man. She admitted Kelly and Foust tried to force his way in. She then asked Kelly for his revolver, and, taking it, shot Foust, who fell over a chair and Kelly and the other man carried him away. She directed her two sons, aged 10 and 12 years respectively, how to swear, and upon their evidence Hires was convicted. Kelly disappeared directly after the murder and his present address is unknown.

**REBELS MEET REVERSES.**

Spanish Reports Tell of Several Insurgent Defeats on the Island.

Madrid, April 9.—Advices from Cuba are to the effect that a Spanish column has reached Guama without opposition. Other columns are pursuing four small rebel bands near Puerto del Fandere, Holguin, and Las Tunas. The forces of Gen. La Chambre, governor of the oriental province, had a brush with some insurgents, routing them and killing their leader. Gen. Salcedo has defeated a large rebel force in the Holguin district. The rebels sustained a heavy loss. Two of the Spanish force were killed and a few wounded.

**Arkansas Governor Fined.**

Little Rock, Ark., April 9.—As the outcome of his encounter Sunday with Representative Jones, Gov. Clarke yesterday went before a magistrate, pleaded guilty to carrying concealed weapons and paid the conventional fine of \$50. There is talk of impeaching the governor, but it has come to nothing substantial.

**Mr. Mansur's Condition.**

Washington, April 9.—The condition of Charles H. Mansur, of Missouri, assistant controller of the treasury, is extremely critical. He is perhaps resting somewhat easier, but there is no actual change in his condition, and the worst is feared.

**Attempts Murder, Then Kills Himself.**

Council Bluffs, Ia., April 9.—Andrew Hill, a laborer, shot and slightly wounded John Wyatt, ex-policeman, last night, tried to shoot his own wife, and then went home and blew his brains out on the porch. The cause was jealousy.

**Sets the Prairie on Fire.**

Guthrie, Okla., April 9

## TABLE IS CLEARED OF OLD BUSINESS

### THE COUNCIL FINISHES UP THE YEAR'S WORK.

Street Railway Released From Certain Obligations—Settlement Made With Chief Acheson and Officer Hogan—City Can Have the Jackson Street Bridge—Other Business.

The council cleared the tables of the year's unfinished business at last evening's meeting.

All the aldermen were present except Alderman Child, and Mayor Thoroughgood presided. After disposing of the water works statement (which appears elsewhere), the council proceeded to clear up the tables, the business having been accumulating for nearly a year. The most important of these matters was that relating to the Janesville Street Railway Company, being an ordinance amending the company's franchise, which was presented last fall and after its second reading was laid on the table. This ordinance was taken up, on motion of Alderman Rich, read a third time and passed. The old franchise required the company to pave the street between its tracks when a street is ordered paved; to raise and lower its track as the streets are changed by alteration of grades, while in the case of the water company, etc., the city is obliged to stand the expense of changing pipe made necessary by a change of street grade. The amended ordinance relieves the company of this expense, which hereafter is to be paid for the same as the other portions of the street improvement. City Attorney McElroy also explained that the company was relieved of a number of unnecessary obligations; that of being compelled to run its cars in case of a break in machinery, excavating streets, building bridges, etc. He also stated that he had in his possession a draft from Mr. Blabon for \$450 to pay for paving between the tracks on East Milwaukee street, which was to be turned over to the city in case the company was relieved of such burdens in the future.

#### City Has Redress.

The mayor stated that he was not in favor of making too many concessions to these corporations. The street railway company did not come here for the city's benefit but for their own.

City Attorney McElroy remarked that a suit could be brought against the company and a judgment secured, and an order from the attorney general taking away the franchise, if the council should feel so disposed.

The March report of the city treasurer was referred to the finance committee.

The poll books of the late election were referred to the judiciary committee, who subsequently reported back the names of the successful candidates, who were declared duly elected to the several positions.

A communication was read from O. E. Smith, complaining on account of the poor drainage of the street in front of his property, and because of the blockade of the side walk by the debris from the burned tobacco warehouse. The communication was referred to the first ward aldermen, who stated that the cause of the complaint had already been removed.

A petition was read from residents on Pleasant street, asking the council to construct a sewer in that street from the new high school building to Rock river, they stating that the cost of the proposed sewer to the city would not exceed \$150, being much better than the Jeffris sewer in Dodge street, besides accommodating the people on Pleasant street. The petition was referred to the committee on highways, streets and bridges.

On petition, the saloon license of August Blumh was transferred to Louis Richter, and that of William Lempe to William Bahr.

#### Hogan and the City Square.

A communication was read from John W. Hogan, proposing to exchange receipts with the city, and balance accounts, which was agreed to, and on motion of Alderman Baines the chairman of the finance committee was authorized to sign such receipt for the city.

J. P. Wright, contractor for building detention hospital requested that he having completed the contract satisfactory to the city, his bond be surrendered. Granted.

The appointments of Edward Smith and P. McGinley as special police to June 18, were announced, and confirmed by the council.

Sealer Ferdinand Quinn sent in a report as follows:

"It is a pleasure and pride to me after four years of office as sealer of weights and measures to report to your honorable body that I have invariably found in all the business places of the city where weights and measures are daily used, a uniform and close approach to standard weights and measures, and believe there is no city in the state that can show such a record weights and measures in daily use. In my judgment it speaks well for the honesty and uprightness of our business men."

Health Officer Robinson reported that during the month of March there had been three cases of diphtheria and four cases of scarlet fever, all convalescent.

#### Fire Alarm Box Wanted.

A petition of North Hickory street property owners for the extension of water main on that street to St. Mary's avenue, and the location of a fire alarm box at St. Mary's avenue

and Hickory street, was referred to the fire and water committee.

The proposition of George L. Carlington and other owners of the Jackson street bridge, to turn that structure over to the city, free of all incumbrances, was referred to the highway and bridge committee.

Alderman Baines of the finance committee, reported in favor of allowing a large number of bills against the various funds. Concurred in. The October, November, December, January and February reports of the city treasurer were reported back as correct and placed on file.

The March report of the municipal court was reported back correct by the judiciary committee.

On recommendation of the judiciary committee, Mrs. Champion was allowed \$50 in full settlement of her damage claim, on account of a fall on a defective South Academy street sidewalk.

Alderman Heddles, of the school committee, reported back the reports of the board of education as correct, and on his motion the same were ordered published and placed on file.

#### City Owed Chief Acheson.

Alderman Baines, from the select committee, to whom was referred the claim against City Marshal Acheson as reported by Accountant J. C. Card, amounting to \$83.18, reported that they found by bills presented by Mr. Acheson that he had paid out for the city \$73.66. The committee recommended that these bills be allowed and Mr. Acheson be requested to pay to the city treasurer \$9.62 in settlement of the account. Adopted.

Alderman Baines stated that Marshal Acheson had brought in a bill for \$45 for a wagon bought July 4, 1891, to be used in place of the police patrol, as it was lighter. The committee did not feel like allowing the bill, but as the wagon had been in use by the city the committee allowed him \$45 for the use of the same and introduced an order providing for the payment of the same. Adopted.

By Alderman Baines—An order instructing the finance committee to engage the services of an expert accountant to audit the books of the city treasurer for the past year. Adopted.

On motion of Alderman Baines, the ordinance in relation to the adoption of the "uniform charter" was taken up and laid on the table.

Alderman Winslow presented an order which was adopted, giving J. C. Fredendall permission to construct a sewer in Court street from his flats to Rock river, under the usual stipulations. Orders were adopted as follows:

#### The New Business.

By Alderman Sutherland—For block cross walk across North Main street, on north side of Prospect avenue; across Cornelia street on south side of Glen; across Glen on south side of Cornelia; across Fifth avenue on east side of Glen.

By Alderman Rich—Block cross-walks across Prospect avenue on north side of Augusta street; across Sinclair on east side of Milwaukee avenue; across Milwaukee avenue at Milton avenue; a plain walk across Liberty street on east side of Ruger avenue and the repair of box culvert at that point.

By Alderman McLean—To clean the sewer at Pleasant street and Center avenue.

On motion of Alderman Smith the council adjourned until next Monday evening.

## WATER PLANT COST JUST \$184,534.35

### STATEMENT FROM THE COM- PANY TO THE COUNCIL.

Through Their Attorney, E. M. Hyzer, They State That This is the True Cost Amount—Figures Can Be Verified By the City's Attorneys—Schedule in Detail.

After the journal of the council had been read and approved last evening, Mayor Thoroughgood remarked that E. M. Hyzer attorney for the Water Company was present, with a statement in relation to the cost of the water plant which that gentleman desired to read to the council, and suggested that it be presented before proceeding with the other business. Attorney E. M. Hyzer then read the following:

To the Mayor and Common Council of The City of Janesville:

You are aware that there is pending in the courts an action involving the cost of the Janesville Water Works. You are also aware that a stipulation was made in that action in December last, whereby it was agreed that the plaintiff city and the defendant water company should enter upon an investigation of the cost of the works, each to produce to the other the evidence which they should be able to obtain, together with the sources of all such information, to the end that the actual cost of said works might be ascertained.

The Janesville Water Company immediately entered upon an investigation of the cost of said works and is now prepared to produce to the city the cost of the works and the evidence thereof.

It will be remembered that the original contract under which these works were constructed was made between the city and Turner, Clark & Rawson. We understand that Turner, Clark & Rawson at that time were in the business of constructing water works, being at least, the principal controllers of the corporation known as the Wisconsin Construction company. This company constructed a number of different plants, among which was the one in question at Janesville.

We therefore endeavored to get at the actual cost of this plant to the Wisconsin Construction company, the original constructors of the plant. Their books, which are in Boston, show the cost of this plant in detail, and while we might have been able to produce a copy of those books here, we have thought it would be more satisfactory to go further than that, and we determined if possible to obtain the original bills or invoices for the material that went into these works, and the receipts for the amounts paid for labor and other expenses, and to base the statement of the cost of the works upon these original receipts and receipts bills and invoices. In pursuance of this determination, we sought to gather in these documents, and we have been very fortunate and successful.

We have visited Chicago, Cincinnati, Philadelphia, Emaus, New York, Boston, Providence and other places, and we have secured the original bills and invoices sent by the various houses from which the material and supplies were purchased, and these are receipted by those houses. These bills and invoices are not copies, they are the original ones sent out when the goods were shipped, and sent out in the usual course of business; they are not statements of long accounts, but they are the bills or invoices accompanying each shipment, great or small.

We have secured the receipts for all money paid out in other ways, including pay rolls, time checks and accompanying receipts.

Upon these vouchers we have prepared a statement of the cost of this plant, that is the original cost to the Wisconsin Construction company.

This statement contains the name of every person, firm and corporation to which money was paid for the construction of these works, and the amount paid to each. From every person named in this statement we have a voucher or receipt for the amount paid as shown in this statement.

For convenience in examination of this statement, the cost of the plant is divided into twenty-six accounts or parts, and each item of expense is charged in this statement to one of these accounts.

The receipts or vouchers are accordingly arranged in twenty-six packages, corresponding to the twenty-six accounts, and each voucher or receipt is numbered in each package.

It will be apparent that this statement and the vouchers and receipts can therefore be readily examined and verified.

It must be understood that this statement and these vouchers present the cost of this plant, not in lumps but in detail and with minuteness. This will be readily understood when I state that there are over three thousand of these receipts.

In making this statement, based upon receipted bills, we have thought it must be the most satisfactory method possible. It does not rest upon books, kept by interested parties and which might be manipulated or stuffed, but it rests upon the bills and receipts of business hours, made in the usual and daily course of their business, and at the time the business was done.

Since the making of the stipulation referred to we have endeavored in good faith to ascertain the original cost of the plant, and we submit this

statement to you with evident good faith, because while we believe it to state the true cost of this plant it is at the same time satisfactory to us. The vouchers or receipts on which it is based we of course retain in our possession. We could not be expected to part with the originals, and the labor of copying such a mass of papers would be too great to undertake, and the copies would be less satisfactory as they would not bear upon their faces the evidence which appears upon the originals.

The originals are here in Janesville in our possession, properly arranged to be readily referred to from the statement which is here presented, and the fullest opportunity will be given to the mayor and the council, to any committee appointed by it, to any member of it, to any attorney or agent acting for it, to examine these vouchers at such time or place as they shall name. We will bring these vouchers before the mayor and common council as a body, at the council chamber or at such other place as they shall name, or we will bring them before any committee, member of the council, attorney or agent for the council, or we will permit them to be examined by an expert appointed by the council. We shall only reserve the right to preserve these vouchers, as they are not only the evidence of cost, but their collection has involved much time, labor and expense.

We beg the council to fully and carefully investigate this statement which we here produce and present to the council and the city. We ask that the council fully verify this statement from the vouchers, and we will render them every possible assistance.

If there be any wonder why this statement was not presented when the cost of this plant was called for, I will state that at that time the books of the Wisconsin Construction company were not in the possession of the Janesville Water Company, nor were these vouchers and receipts in its possession, but on the contrary were scattered in various and distant places.

The collection of these vouchers has been the first information to the present owners of this plant. The statement that was filed, was the cost of the plant to the Janesville Water Co., as shown by its books.

In the statement which is herewith submitted, there is included no interest and no expenses of running the plant.

The subsequent cost of this plant, which has been borne by the Janesville Water Co., itself, can of course be readily stated and verified from the books of the Janesville Water company.

Alderman Baines—"Who gathered these bills, Mr. Hyzer? Did Mr. Jeffris go with you?"

Mr. Hyzer—"Oh, no, sir. The Water Company gathered them. We have gathered them for your attorney, and if you are not satisfied you can go to these people for additional proof if desired."

Mayor Thoroughgood—"The city could do that now, if desired?"

Mr. Hyzer—"Certainly."

Mr. Hyzer further explained that the water company had been to considerable expense in traveling from place to place, gathering the bills and other facts, and that the company believed the whole ground had been covered.

Alderman Baines—"I move that the statement be referred to a special committee of three hold-over aldermen, with instructions to make examinations of the statement and report to the next council." The motion was adopted and the mayor appointed as such special committee Aldermen Heddles, Smith and Sutherland.

## NEWS OF OLD ROCK CHOPPED UP FINE

### WHAT HAS BEEN DOING IN THE COUNTY THIS WEEK.

That a Double Track From Janesville To Chicago On the C. & N. W. Will Be Built Is Rumored About Shopiere—News From Indian Ford, Afton and Other Towns.

SHOPIERE, April 9.—Our Easter concert will be held at the Congregational church on Sunday evening April 14. The Northwestern Railroad Co. is talking of putting in a double track from Chicago to Janesville. Many think our wagon roads will be too narrow to accommodate the number of meat wagons that will be run this season from this place and our neighbor city. Success to you all. We notice great improvements in our roads in the past two years where the roads are turned up and gravelled you can go as fast as you want to. In the spring when the frost came out it used to be impossible to get through. Now the roads dry off quickly and they are solid. That is the way to do it. Miss Addie Dockstader has been quite sick for some time and is no better. Miss Lera Thurston from Sycamore, Ill., is visiting relatives and friends here. If the fishermen hold out as they have started, we hardly think there will be fish enough to go around this summer. Our people are raising money to put in a telephone from here to the depot. It will be very convenient to the business men of the place. Miss Rena Schenk, returned from Appleton on Saturday where she has been visiting friends and relatives. Some pieces of winter wheat were winter killed and had to be sown over to spring wheat. Rye looks fine; timothy and clover came through all right. The selection of April 14 as the day of the Easter concert, recalls the assassination of Abraham Lincoln thirty years ago. It was so unexpected that it was like a shock of electricity.

#### THE NEWS OF INDIAN FORD.

New Town Board Sworn In—Other News and Gossip.

INDIAN FORD, April 9.—Miss Mame Johnson of Evansville, who is stopping with her brother Ed. was a very pleasant visitor at Mrs. B. Calls one day last week. A very pleasant gathering of about twelve relatives and friends gathered at E. L. Ward's last week and had a jolly time. John Lackner bought a new wagon in Edgerton. It is said that Mr. Lackner will move onto and work Mrs. Kidder's farm this season. Oley Nudson has moved onto Mr. Pomeroy's farm and will work for Mr. Pomeroy this season. They say that John Scarcliff will assess the town of Fulton for fifty dollars this year. Mrs. D. N. Walrath and daughter Clara were very welcome callers at Mr. and Mrs. R. Call's last week. Neit Fredendall has moved back to the Ford. We welcome Mr. Fredendall back. Charles Hallet went to Rock Prairie Friday afternoon on business. Lyman Wood went to Milton Saturday on a business trip. Mr. Alverson, with a small force of hands, is sizing tobacco. Our town board was sworn in Saturday, and is now prepared to do all town business. It is reported that they will put up new signs on the bridge forbidding driving faster than a walk and will enforce the law. J. L. Chamberlain and wife visited Mr. and Mrs. George Schofield, at Janesville last week. S. H. Page was seen out on the streets last Saturday. Dr. Redwolf and Mr. Lackner, of the firm of Lackner & Ward, went to Janesville Saturday on business. Mrs. Sholes, was expected home from the east Saturday, where she has been visiting relatives and friends the past few months.

#### AFTON WOODMEN BUY BADGES.

Proposition Was Adopted at the Last Meeting—Change in Time.

AFTON, April 9.—The members of Afton Camp No. 2192 M. W. A., will soon be wearing elegant badges, for at the meeting last Friday evening, it was voted to order a supply for the camp at once. They will be similar to those used by Florence Camp of Janesville. One new member was adopted at the last meeting, and a new application for adoption received The Chicago & Northwestern Railway has given us back our morning passenger train to Janesville. Conductor Ballard's train, on its return trip from Belvidere, leaving here for the county seat at 9 o'clock a. m. instead of at 11:28 as before. Conductor Ballard now returns at 11:25 a. m., connecting here with Dakota passenger No. 1.

In the matter of the estate of Julia Zeall (alias), deceased.  
On reading and filing the petition of Frederick Zellmer, representing that he is a resident of Waukesha county in this state, that he is the father of Wilhelmina Zellmer, a single person, whose place of residence was the city of Oconomowoc, Waukesha county, Wisconsin, that said Wilhelmina Zellmer resided in the city of Janesville in this state, under the name of Julia Zeall, and died on the 25th day of December 1894 in the insane asylum at Mendota, Dane county, Wisconsin, and that the said Frederick Zellmer is the proper administrator of the estate of said Julia Zeall, and that he is the proper county to administer the estate of said Julia Zeall, and that letters testamentary have been issued to him as the administrator of the estate of Wilhelmina Zellmer, by the county court of Waukesha county, and that that is the proper county to administer the estate of said Wilhelmina Zellmer, deceased, and that such estate is the estate of the said Julia Zeall, deceased, now being administered by this court in this county.

And it further appearing by the records and files of this court, that the public administrator of this court, is now in possession of said estate. And the said Frederick Zellmer, having prayed that the said estate now in the hands of said public administrator, be assigned to him by an order of this court, as the proper administrator of said deceased.

It is ordered that said petition and the matters therein set forth, be heard before this court at a term thereof to be held on the 30th day of April, 1895, at 2 o'clock in the afternoon of said day or as soon thereafter as counsel may be heard. At the court house in the city of Janesville in said county of Rock, that notice of said hearing be given to all persons interested therein, by a publication of this order for three successive weeks, in the Daily Gazette, a newspaper printed and published in the city of Janesville in the county of Rock aforesaid.—Dated this 30th day of March, 1895.

**Thus Does Waverley Fame Spread**

MUNICH, Germany, Feb. 3d, 1895.  
INDIANA BICYCLE Co., Indianapolis, Ind., U. S. A.

GENTLEMEN:—Last fall while touring in upper Italy, I met an American gentleman who rode a Waverley bicycle. We frequently exchanged wheels and I took a fancy to his mount which was really very fine and he gave me the name of the makers, which, however, I mislaid and only found within the last few days. If you have an illustrated catalogue of your wheels I would thank you to send me one by book post. If the difference in price be not too outrageous, I would like to astonish our natives with a "Yankee mount."

Yours truly,  
EMIL CLAUS.

**FOR SALE A Model Milling Plant.**

The recent death of the owner makes the sale of this plant necessary. It consists of a flouring mill, packing-storage house and two elevators. The mill is 6,000 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage-packing house is 30x120 feet two stories. The elevators each have a capacity of 30,000 and 50,000 bushels. A branch railway track runs between the mill and packing-storage house. This plant was ALL remodeled and made new in 1894. The business of this plant has paid the owner, up to his death, from \$8,000 to \$20,000 per year. This plant cost over \$80,000 and is the finest one in the northwest. It is run by water power and situated in Janesville, Wis. except the large elevator which is at Lake Preston, S. D. There is no encumbrance and it will be sold upon easy terms or can be exchanged for first-class real estate.

## THE JANESVILLE GAZETTE

THE OFFICIAL CITY PAPER.

Entered at the postoffice at Janesville, Wis., a second-class matter.

## THE TOWN TALES OF A DAY.

THAT we excel in top buggies and canopy top surreys has been decided time and again by the most excellent judges. No difference where we exhibit we always go away with the blue ribbons attached. This year we are showing much better makes than ever before, and will scoop all the blue ribbons in the country. Wisconsin Carriage Top Co.

We have made rapid advancement with our new methods in buggy making, and the frames as now constituted for our 1895 line, show marvelous strength. Wisconsin Carriage Top Co.

Our line of new models in buggies show many marked improvements. They embody distinguishing features, which will be found only in buggies of our make. Wisconsin Carriage Top Co.

AN Easter sale of embroideries, stamped linens, materials etc., Thursday, Friday and Saturday at Mrs. Glass 69 West Milwaukee street.

OUR entire line for 1895 will appeal to all who are interested in the highest type of modern buggy construction. Wisconsin Carriage Top Co.

MEN'S cassimere pants \$1; men's Clay worsted pants \$1.75 at Goodman's. Laundered shirts 50 cents.

New books, choice reading at Sutherland's book store.

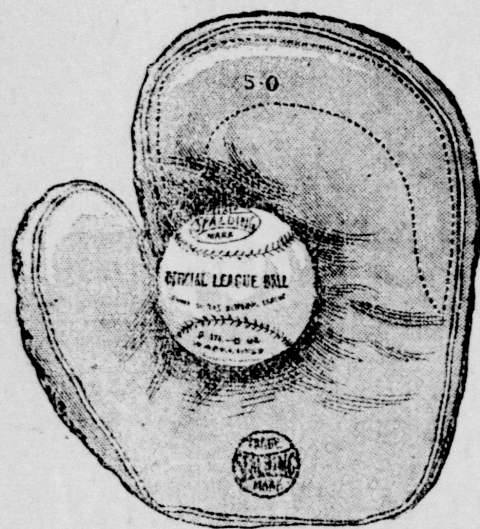

## Home Industry.

Since the firm of Johann Hoff, of Berlin, formed a syndicate with their agents, the Eisner-Mendelson Co., of New York, to erect a plant in the United States for the manufacture of the celebrated Johann Hoff's Malt Extract, in 1892, the sale of the article here has increased enormously, and it has become a standard commodity on the American market.

The plant erected is one of the best equipped of its kind, and has a capacity to turn out nearly 10,000,000 bottles annually. The article manufactured here is in every way superior to the one formerly imported, as the machinery and equipment of the plant is of the newest and best, and the material used, of the choicest.

This only proves that anything undertaken in the United States is always on a larger scale than in the old country, even with an article that originated abroad nearly fifty years ago.

## Play Ball.

It won't be long until this familiar order will be heard in almost every city of any importance in the United States. Janesville will not be behind very much, although we are told we will not be members of a league. This year we are in a position to furnish base ball goods of all kinds at a much less figure than ever before bought.

LOWELL HARDWARE CO.

## The Richards Long Distance Axle.

It will run one month or more without re-oiling. Its construction is such that it is continually in oil which cannot escape or work off the bearing. It cannot stick until the oil is completely worn out. It is automatic in its action. The wheel, while revolving keeps the oil in constant circulation; when at rest, shuts off its flow entirely. It has the long bearing and strong formation of the Concord Axle, the easiest and smoothest running axle known. It has a box which goes both into and over the collar, forming a water tight as well as a dirt proof sand band. It is neat in appearance. It is found on the "Henney Buggy." F. A. TAYLOR.

## The Old Place No More.

The old store on South Main street, where we did business for so many years, knows us no more. We have moved into more commodious quarters in the Lappin block, where we have one of the finest storerooms ever seen in any city. It's a pleasure to do business in such a room, and the way we've remodeled and filled it up, makes it much the neatest hardware store in southern Wisconsin.

"Does Slopeigh get angry when you call on him with that bill?" asked the merchant of his collector. "No, indeed," was the disconsolate reply. "He's as polite and crafty as he can be. He says he has taken a great liking to me, and he's afraid that if he pays me I'll stop coming to see him."

## CITY NEWS IN BRIEF.

THE Pickwick clothing is made up for the odd shaped man. For instance, the man whose arms and legs are extremely long or whose arms and legs are extremely short. For the long, lean fellows, or the monstrous big fellows we are prepared to fit anybody, who never has been able to get clothes outside of the merchant tailor. The line of stuff will surprise you. Step in and have a Pickwick shown you.

THERE is no article of dress that is so necessary to the beauty of woman as a fine corset. A symmetrical corset, covered with a neat fitting calico is preferable to an ill-fitting corset covered with silk. The first is neat and attractive, the latter unsightly and should be avoided. Come to us and get a first-class corset. Bort, Bailey & Co.

T. J. ZIEGLER is selling men's business suits, made up of good fabric, at \$4.50, \$7.50, \$8.00 and \$9.00. Don't buy a shoddy suit of anybody. If you do you waste your money. The day has arrived when you can get a good suit for a little money if you strike the right place.

You can be fitted with a trouser at \$3 which you will say is a corking good bargain. We guarantee the Dutchess pants not to rip. We will refund you the money or replace with a new pair in any case where they do. Try a pair and see how quickly we will adjust any claim.

As spring advances we are compelled to look up our light underwear. If you are out of yours, just bear in mind we are showing a 50 line, the best you ever saw. We have several lines displayed in our show window Ziegler.

COME and get our prices on ladies', gents' and children's shoes, and if you don't think we are under the other fellows, don't buy. Good shoes and prices is our motto. Lloyd & Son 57 West Milwaukee street.

We sell the \$1 Worcester corsets for 85 cents. They cost 12 1/2 cents less than any other \$1 corset we carry, and as long as we can afford to do so we are going to give our trade the benefit and sell them at 85 cents. Bort, Bailey & Co.

ALL we ask is a chance to figure on your plumbing, gas and steam fitting. If we can't convince you that superior workmanship coupled with the best material is to your interest to buy, we'll give up the job. Green & Allen.

WE carry in stock today the best line of corsets in this city and on many lines we sell them below the standard retail prices. Worcester \$1.00 corset for instance goes at 85 cents. Bort, Bailey & Co.

You will find it of great importance to call and see our new spring wraps. They are attractive in style, and at the low prices they are marked you will find them very desirable. T. P. Burns.

Just received—another large invoice of ladies' fine shoes. One of the best makes in New York. Ladies, we invite your inspection. Lloyd & Son, 57 West Milwaukee street.

We are sure you will want to buy when you will see the goods but you will want to buy twice when you see the prices. Lloyd & Son, 57 W. Milwaukee street.

## An Eye Out.

WE always have an eye out for bargains in our line. Our last snap was a line of men's shoes. They have fresh, clean, smooth uppers, highly polished oak buttons and black shanks, sole leather counters, creased vamp and are not to be compared with paper shoes. We got a great bargain and part of our profit goes to you. 95 cents buys em.

## A False Diagnosis.

La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the forehead, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

## BOY LAY BLEEDING IN A BARN STALL

FREDDY BROEGE AGED FOUR  
YEARS PAINFULLY HURT.

While Playing in the Barn He Was  
Kicked By a Horse And Lay Un-  
conscious Until He Was Found and  
a Physician Called—News of the  
Town.

BRUISED, bleeding and unconscious, four-year old Freddie Broege was found lying in a stall in the barn at his father's home, as the result of being kicked by a horse. Mr. and Mrs. Broege reside on the river road, just north of the gas house. The little boy was playing near a horse at the time of the accident, unaware of the danger he was in, when the animal suddenly kicked, striking the youngster in the stomach. Mr. Broege at once mounted a horse and rode to Dr. Mehnert's office in very quick time. The doctor found that the lad had received a very severe injury, but unless something unforeseen happens he will come out all right.

FIREMAN E. HELMS, who resides in this city, is congratulating himself that he didn't lose the sight of one of his eyes. As he was working on his engine in the St. Paul yards, a train of freight cars were switched on the same track on which the engine stood, and before they could be stopped struck the engine with full force, throwing Helms up against his cab. His eye was bruised, but not seriously.

THE Woman's Foreign Missionary society of the First M. E. church will meet at the church parlors Wednesday April 10, at 3 o'clock. This is an important meeting, being the twenty-fifth anniversary of the organization of the Northwestern branch. A Thanksgiving offering will be taken. Supper will be served at 5:30 o'clock to which everyone is cordially invited.

MAYOR John Thoroughgood left at 11 o'clock this morning for Rochester, Minnesota, and from there he will go to St. Paul and Minneapolis on business connected with the Thoroughgood & Co. cigar box factory. The mayor will return in time for the meeting of the common council next Monday evening.

South Carolina's Fourth Brigade.

Charleston, S. C., April 9.—The reorganization of the historic Fourth Brigade, which was in trouble with the state authorities owing to the refusal of the officers to go to Darlington at the time of the dispensary riots, has been completed. The brigade consists of nine companies of infantry, four companies of naval militia, two companies of artillery, and three companies of cavalry. This places at the service of the state an effective force of 1,000 enlisted men.

Great Britain Will Not Interfere.

London, April 9.—The parliamentary secretary of the foreign office, Sir Edward Grey, replying to a question in the house of commons, said the government understood the ex-queen of Hawaii, Liliuokalani, had been sentenced to imprisonment, but the matter was not one in which Great Britain could interfere, nor were there any grounds upon which Great Britain could base a representation on the subject.

## CAR ROBBERS SENT TO WAUPUN CELLS

FLYNN, FRANKLIN, AND CROW-  
LEY PLEAD GUILTY.

Sentence of the Court Was One Year's  
Imprisonment in Each Case—Two  
Had Already Asked For Change of  
Venue and Another Had Pleaded  
Not Guilty.

A very abrupt change of legal tactics took place this afternoon in the case of the Northwestern car burglars, James Franklin, Frank Flynn and Robert Crowley, resulting in the sentence of each one to the states prison at Waupun for one year.

Sheriff Appleby this morning filed with Clerk Williams of the municipal court, a list of thirty-six names of persons he had selected from the "body of Rock county," from whom a jury was to be selected to try Flynn. Flynn was brought into court at 10 o'clock, but was soon returned to jail the case being held open while the attorneys were talking over the preliminaries. At 2 o'clock the three defendants were brought into court, when District Attorney Jackson moved for a nolle in the first and third counts of the indictment.

Attorney Smith for each of the defendants, then moved to withdraw the affidavit for a change of venue in the case against Franklin and Crowley, and to vacate the order of the court for such change, which was granted.

Attorney Smith, for each of the defendants, withdrew their plea of "not guilty," and entered a plea of "guilty" to the second count, larceny—and Attorney Jackson then moved that the court pass sentence. Flynn was then arraigned before the bar, Judge Phelps addressing him:

"Mr. Flynn, have you anything to say why the sentence of the court should not be imposed upon you?"

"No, sir."

"The sentence of the court is that you, Frank Flynn, be confined at the state's prison at Waupun, at hard labor, for one year, from 12 o'clock noon of today, and that the first two days of such confinement be solitary."

Franklin and Crowley followed, each receiving the same sentence.

Perhaps this disposition of the cases is the best for Rock county, as considerable expense has been saved. A large number of witnesses for the state were to be called for in case a trial was insisted upon, and all these witnesses were from abroad, some twenty-five residing in Chicago. The bringing of these witnesses here would cost the county considerable money.

In view of this, and the fact that neither of the prisoners were residents of the county, and that most of the property taken had been recovered, this course was deemed best by the officials having the prosecution in charge. Sheriff Appleby will take the trio to Waupun tomorrow.

LINCOLN AND A. S. AND I. C. SLOAN

Very Interesting Story Is Recalled by The  
Judge's Denial.

The funeral of Judge A. Scott Sloan will be held at Beaver Dam, Wednesday afternoon, at 1 o'clock. The death of Judge Sloan recalls an interesting story of his acquaintance with Abraham Lincoln. The year that Lincoln was first elected to the presidency, Judge Sloan was elected to congress from the Beaver Dam district. Mr. Sloan became very well acquainted with Mr. Lincoln, and the latter formed a very cordial attachment for the tall Badger representative. The two men were alike in many things. They were of the same height, of the same complexion, and their temperaments and tastes were alike. Mr. Lincoln always treated Mr. Sloan with that warm cordiality for which he was proverbially noted in the treatment of his friends.

In 1862, Ithamer C. Sloan, the judge's brother, was elected to congress from Janesville, but Judge Sloan was not re-elected that year. Ithamer C. went on to Washington a little before the 4th of March. A day or two after his arrival he arranged with his brother to go up to the white house and call on the president. The newly elected congressman was only five feet and ten inches in height. Mr. Lincoln greeted his friend, Judge Sloan, with his usual warm cordiality, and the latter turning to his brother said:

"Mr. President, this is my brother. He comes to Washington to represent the second Wisconsin district in congress for the next two years, while I, as you are aware, am about to return home."

Observing that the newcomer was shorter in stature than his brother, Mr. Lincoln raised his hand and extending his arm horizontally with his hand flat, he let his arm slowly fall at intervals, and suiting his words to the action, he said:

"Wisconsin is lowering her standard of men."

"Oh, no," responded Judge Sloan, "I like my brother better than I do myself, and I think you will, on becoming acquainted with him, Mr. President."

Instantly Mr. Lincoln replied, "Do you remember Mr. Sloan, that when the second temple was built by the Jews, the old men wept because of the glory of the first temple, while the young men wept because of the glory of the second?"

CITY OWES CHIEF ACHESON \$35.48  
The Books Now Show Quite a Balance in  
His Favor.

The city settled with Chief of Police Acheson last night, and as the result he will draw \$35.48 from the city treasury. Expert Card's account showed that the chief owed the city \$93.18. The chief, however, had bills to show that he had paid for the city \$73.66. This left him owing the city \$9.52. In the mean time the chief had sent in a bill for \$45 for a wagon bought to be used in place of the police patrol (Ex-Alderman M. Childs, who was then a member of the council authorizing him to buy it) which the city also allowed and ordered paid. The account is squared all around, and Chief Acheson, instead of being in debt to the city \$93.18 is paid the \$35.48 that the city owes him.

A PLEASANT SURPRISE PARTY.

A Number of the Friends of Miss E. L. Williams Planned the Affair.

A number of the friends of Miss E. L. Williams perpetrated a complete surprise on her at her home 121 Madison street last evening. The party was composed entirely of ladies. The presents they brought were numerous and handsome and an elaborate supper was served at 6 o'clock, the center piece being a cake with sixteen lighted candles around it. After supper cards formed the evening's entertainment. Those present were:

Mesdames—J. L. Ford, C. L. Clark, M. P. Leavitt, E. Ruger, J. T. Wright, E. F. Welch, A. P. Lovejoy, M. Crosby, A. Pratt and J. L. Draper.

## SPATH WAS JAILED FOR THE SHOOTING

MEDICK, HOWEVER, SAID IT  
WAS ACCIDENTAL.

More Details of the Death of the  
Janesville Man at Portland, Oregon  
—Revolver That Spath Was Play-  
ing With Went Off, The Bullet  
Being Fatal to Medick.

Although Fred Medick said that Ernest Spath shot him accidentally, Spath was arrested by the police of Portland, Oregon, to await the verdict of the coroner's inquest. Medick will be remembered as the former Janesville man whose death at that city is well remembered. A Portland paper says that Coroner Cornelius, of that city, was informed that a man named Fred Medick had died at St. Vincent's hospital Sunday from the effects of a pistol bullet. The coroner had the body taken to the morgue, where an inquest will be held. A few weeks ago Medick came from the east, accompanied by his brothers and two small children. It was the intention of the brothers to purchase some land there and settle down. When they arrived they engaged rooms in a lodging house at 89 North street, but on February 27, when they intended to look at the land in question, owing to the rain at they they decided to stay at home.

"There was a revolver in the room belonging to Spath which he was handling in a careless manner. Suddenly a pistol shot was heard and Medick gave a cry of pain as the bullet lodged in his leg. William Medick, who was in the room at the time, turned and saw Spath with the smoking revolver in his hand and his brother Fred, lying on the bed groaning. After the shooting Spath left the room and was seen no more. A doctor was called who attended the wounded man until Saturday when he was taken to the hospital where he died the next day.

The police were informed of the case and an investigation followed, which resulted in the coroner's inquest. Spath had gone to Newburg or was in that vicinity. It is expected that he will be arrested and brought back to Portland in time for the inquest today.

"Another clipping of later date says that word was received at police headquarters that Ernest Spath was at Newburg and that an officer was needed to bring him to Portland. Detective Welch was sent for him. As the authorities thought the case needed investigation they have caused Spath to be arrested although the dead man declared that the shot was accidental."

## BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN  
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.  
It will buy a building lot.  
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for the five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

## THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

## A CLOWN'S ASSISTANT.

How Unconscious Pierrot Saved a Woman's Life.

Apologies of the success which Pierrot is meeting with in this country, thanks to Mlle. Pilar-Morin, Aime Lacharme, Vance Thompson, and others, a little story was told to me the other day by a girl who played with Pierrot in France some eight years ago. She was just a clown's assistant, the butt of his jokes. It was her duty to get in everybody's way. It was at the Hippodrome. A female acrobat, who, it was said, was dying of consumption, was doing a difficult feat up among the lights on the trapeze, while Pierrot swung on the edge of the net. Several times the performer called to the small white figure below. But Pierrot paid no attention. He was paid to act as a small edition to a clown. Pierrot was 10 years old and not used to grewsome confessions, so when the flying trapeze lady, with glowing eyes and crimson cheeks, slid down the rope, seized him by both shoulders, and thrust him before her to her dressing-room, he cried: "Do you bamin what you have done?" she asked him. "I am alive. I might have been dead but for you. I am aportriniere. Sais-tu? I will starve in a month, because I can climb no longer. Comprehend tu? I would have jumped to-night—to you know what I am saying?—jumped from the trapeze; they would have said, 'an accident'; there would have been a collection for the old mother; but you—you hung on the net like a bee to a flower. You saved my life, wicked one. If I had jumped I might have killed you."

## THE KENTUCKY PREACHER.

How Brother Penrod Got a Congregation Willing to Hear Him.

"When I give out that I would preach at the head o' Trace Fork," said Rev. Lemuel Penrod, "my friends all up an' tole me I'd never git a congregashun. They sed there wuz never a rope of savin' grace made stout enough to drag them 'ar natives to the fear uv the spirit."

"But I knowed better. Although you may think I wuz city born, an' have wore out the backs uv many coats against college walls, hits all er mistake. I wuz born an' fetched up in the mountings. I know ye don't believe hit. Hit looks unreasonable, but, suh, I'm er self-made man. I edercated mysef. I hain't got nobody but the Lord an' mysef to thank for the work I hev done, suh."

"What did I do ter get the crowd? That's what I'm swingin' er round to. Wall, suh, I got me a spring wagin' an' set six four-gallon jugs in the back part uv it. Every house I'd pass on the way ter preachin' grounds I'd lift up a jug an' pretend ter be drinkin'. Then I'd set down the jug, lift up mer voice an' shout? 'Come all ye thet famish an' thirst for the blessed Spirit ter the head o' Injun, an' ye shall be filled?' The whole family all their visitors, wud take arter my wagin. I kep' repeatin' this dose in front uv every house, an' when I got ter the place fer preachin' I had the biggest gatherin' thet ever had been seen in that neck o' the woods. A revival begun at once. Forty souls wuz brought ter Christ, an' only one man killed durin' that blessed week!"

## How the Eskimo Count.

The Eskimo count their fingers—one, two, three, four, five. Above five and up to ten they use the second hand; thus, six is "the first finger of the other hand." Above ten they employ the toes. Thirteen, for instance, is "three toes upon the one foot," and eighteen, "three toes on the second foot." Twenty they describe as a "whole man." They seldom go farther than this, but they can do so if necessary. For example, they express twenty-two by saying, "two on the second man;" thirty-seven by "two toes on the second man's second foot;" forty is "the whole of a second man." According to Dr. Nansen they cannot, or at least do not, count beyond one hundred, which is the whole of the fifth man.

## Woman's Contempt for the Burglar.

What has come over the woman that she should suddenly begin all over the country to hunt, shoot, capture and scare her own burglars?

Every other day some woman scares a burglar almost to death. Mrs. Sarah McGregor of Jamaica, a lone widow, frightened her burglar through a glass window recently and then shot at him, so that he bled in her front yard. The burglar was not caught. A burglar fills a man with fear. He appears to inspire contempt, or indignation at most, in a woman. "You get right out of here!" is what the Widow McGregor said.

in the hospital.

Professor—What would you do in a case like this if the patient were to get worse?

Student—I guess I'd shake my head.

## CURES OTHERS

M. W. SCOTT, Esq., of the U. S. Marshall's Office, Atlanta, Ga., writes: "For many years my wife has been a constant sufferer from indigestion, sick headache, nervous prostration and all other complaints that the female sex is heir to, and, after trying many remedies and doctors with but little or no relief, I persuaded her to try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' She was so out of heart, she returned the answer that it would be like all the rest—of no good; but on my account, she said she would try it, so I got one bottle each; and before she had used half of a bottle she felt that it was benefiting her, and she has continued to improve ever since, and now thinks it the most wonderful remedy on earth for her sex, and recommends it to all suffering females. She has not been so well in ten years."

I write this without any solicitation and with a free, good will, so that you may let all who may suffer know what it has done for her." Sold by medicine dealers everywhere.

## THE LARGE THEATER HAT.

New Shapes Are Tall as Well as Broad.  
Tiny Toques.

The large theater hat continues to play the part of an apple of discord among the frequenters of places of amusement. Just as long as large hats are fashionable just so long will there be found a certain percentage of women who will wear them at the wrong time. There was never yet any custom, no matter how universally annoying and generally condemned, that did not find some faithful followers, and this one is no exception to the rule, although the majority of women are now beginning to recognize that the decree of good breeding which forbids the wanton annoyance of one's neighbors is as much in force in a theater as elsewhere. It is no uncommon thing in these days to see a large proportion of the women in an audience with uncovered heads, while a still greater number, who do not care to remove their headgear, wear small toques or bonnets. Women are inconvenienced even more than men by the large hat nuisance, as they are shorter and can less easily look over the obstruction.

The picture hats of the present mode are tall as well as broad, upright trimming being the rule. Erect clusters of plumes, sprays of flowers and lofty bows tower

STRAW HAT.

above the wide brim, and the effect is picturesque and becoming enough when they are worn on suitable occasions, but the theater is decidedly the wrong place for them. There are so many dainty little arrangements for the head that take up no room and are yet fashionable and becoming that there is no excuse for obstructionists.

The toque of the period consists of little more than a bow of ribbon, a cluster of blossoms and an ornament. In some cases the crown is composed of bias folds of very light colored velvet, but this is not an economical fashion, as velvet catches all the dust going and in pale tints shows the slightest injury. The passion for metal effects gives no indications of decreasing, and spangles in all tints claim a large share of fashionable favor. Violets still prevail, while wallflowers are the novelty of the moment.

An illustration is given of a hat of black rice straw, which is worn well back from the face, a contrast to the mode which has obtained of late. The hat is caught up at the sides and is trimmed with a bunch of flowers and a cluster of black plumes.

## DEFECTS OF THE SKIN.

Simple Recipes For Blemishes—Big Sleeves Compel Fuller Capes.

A writer on matters pertaining to the toilet tells us that small, soft discolorations of the skin called moles and moth patches may be removed by touching them lightly every two or three days with nitric acid. An oily or moist skin may be improved by a hot soapsuds bath once a week, and castile soap is recommended, as it is of an especially drying nature. Bay rum and camphor are also excellent remedies for an oily complexion.

If freckles are of a light color, they can be bleached with lemon juice or bicarbonate of soda. If of a deep brown color, the outer layer of the skin can be destroyed and then the freckles bleached. To remove scars from burns and smallpox use a simple oil pomade or ointment medicated with croton oil just sufficient to raise a slight pustular eruption. It should be applied at intervals extending over several weeks, due caution being taken to touch the scar only with the medicine, using a camel's hair brush to make the application.

Spring jackets and capes are made of amazon or ladies' cloth. They are of ample dimensions, the coats having large

HOUSE GOWN.

sleeves and rippled collars and revers. Bands of stitching are the usual trimming, and the linings are of silk, plain, changeable, plaid or striped.

As long as sleeves remain of their present dimensions, and it is certain that they will not diminish for some time yet, capes will continue to be worn of necessity, since a cape, however carefully constructed and put on, destroys the freshness of the immense puffs. During the warm weather capes are but an accessory to the toilet, to give it an out of door look and yet not increase its weight or heat.

The gown of which a picture is given is made of lizard green taffeta. The godet skirt is adorned with applique bands of old point, which are placed near together and diminish as they approach the waist. The blouse corsage is similarly decorated. The draped belt is of magenta velvet, and the straight collar, covered with old point, is of the same material. The sleeves are plain.

## DR. P. H. SHARP,

The Most Successful Specialist In All  
Nervous, Private and Chronic  
Diseases of Men and  
Women.

Dr. Sharp has for 20 years made a Special Study and Practice of these Maladies which have proved such stumbling blocks to the medical profession. More failures are recorded in these three lines of practice than in all the 1000 remaining diseases to which the human race is subject.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98 per cent of the cases he accepts for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

YOUNG MEN troubled with results of younger indiscretions can be safely and surely cured. I know it.

MIDDLE-AGED MEN can have a new lease of vitality.

OLD MEN can take a new hold on life and its joys.

WOMEN can find not only relief but positive cure for their many annoying and dangerous ailments. Leucorrhoea, Painful Menstruation Delayed or Obstructed Menstrual Periods, Headaches, Ovarian Inflammation, Etc.
